The Hon Wayne Swan
Federal Treasurer
Parliament House
CANBERRA ACT 2600

Dear Treasurer

SCOA'S PRE ELECTION SUBMISSION

I have forwarded you a submission from our association for consideration in the period leading up to the election on 14 September. Our submission asks for your consideration of issues that our members have indicated are of considerable importance to them, in particular fair pension indexation.

However, with the exception of recommendation 1, all of our recommendations will benefit most senior Australians. The implementation of our recommendations would be a fitting acknowledgement of the contributions that senior Australians have made to making Australia what it is today, an Australia that is envied worldwide.

We maintain that the issues that we ask to be addressed are affordable and deserve careful and favourable consideration because the disadvantage most of them cause has been long lasting. Senior Australians expect and deserve better.

I look forward to your favourable consideration of our submission's recommendations and intend to advise our members prior to the election, of your response.

Yours sincerely

John Coleman
FEDERAL PRESIDENT
